# The standard in educational facility aquatic design, build & service.

For more than six decades, the people of Landmark have been designing, building, restoring, and maintaining aquatic centers across America. What makes us different is simple—we don't just build pools, we build lasting partnerships. From the first concept to long after the first splash, we're with you, for the life of your pool.

For more than 60 years, we have been shaping the standard for aquatic excellence. Our work doesn't end when the pool opens—it's where our partnership begins. With six decades of experience, nationwide reach, and a commitment to quality at every stage, we're here to keep your aquatic facility performing beautifully for years to come.

# Smart aquatic solutions for schools & universities.

From physical education to NCAA championships, your aquatic facility is a hub for learning, training, and community engagement. We understand that your pool must perform flawlessly, supporting diverse programs, meeting safety standards, and staying within budget.

For over six decades, Landmark Aquatic has partnered with K-12 schools, colleges, and universities to design, build, and maintain high-performing aquatic facilities. Whether it's new construction, renovation, or ongoing maintenance, we help you protect your investment, minimize downtime, and keep every swim session, class, and competition running smoothly. We handle the systems behind the scenes—plumbing, filters, equipment, water care—so you can focus on what truly matters: your students, your programs, and their success in the water.

University of Missouri

Our goal is to make your facility a destination your students love and a landmark they can be proud of.

Why schools & universities partner with us:

#### **Performance & Competition Ready**

Designed to meet NCAA, conference, and state standards, our pools deliver precision, reliability, and the features athletes and coaches depend on—from starting blocks to timing systems and optimal depth configurations.

#### **Safety, Accessibility & Compliance**

We ensure every facility meets health codes, ADA accessibility, Title IX, and risk management requirements. Our Certified Pool Operators (CPOs) keep your systems aligned with regulations year-round.

#### **Durable, Low-Maintenance Design**

School pools work hard. We specify finishes, systems, and materials engineered for high use and long life—reducing downtime and simplifying maintenance for staff.

#### **Efficient Operations & Cost Control**

Through energy-efficient filtration, automation, and smart mechanical upgrades, we help lower energy and chemical costs while improving sustainability and performance.

#### **Flexible Service & Minimal Disruption**

We coordinate maintenance and upgrades around your academic and athletic schedules, using phased, modular approaches that keep your programs running without interruption.

# For the life of your pool.

For over six decades, the team at Landmark Aquatic has been servicing communities across the United States, turning aquatic visions into reality. Whether you need a design partner, general contractor, full design-build team or service provider, we bring precision, accountability, and craftsmanship to every project.

## We design & build.

### Design

Complete aquatic design services from concept through commissioning for a smooth, coordinated process.

### Build

Integrated project management that keeps schedules tight, communication clear, and quality consistent.

### Design-Build & Design-Bid-Build

One seamless process from vision to ribbon cutting—often shaving 6-12 months off development providing streamlined bidding, accurate estimates, and full code compliance in all 50 states.

## We renovate & restore.

When it's time to modernize or renew, we bring our decades of expertise and creativity to your project—extending your pool's life, performance, and value.

### Renovation

Modernizing systems and upgrading features to improve efficiency and elevate the guest experience.

### Restoration

Structural, mechanical and aesthetic renewal to bring aging facilities back to peak performance, appearance, and safety.

Before

After

## We service & maintain.

Through our AquatiCare™ Commercial Pool Services, we keep your water safe, your systems reliable, and your staff focused on your guests and programming. Our certified technicians deliver proactive care and rapid response—reducing downtime and extending equipment life.

### **Flexible Service Plans**

Essential, Enhanced, and Complete Care options tailored to your unique needs and facility.

### **Certified Expertise**

Every technician is a Certified Pool Operator with continuous training to ensure we stay up to date on all industry standards.

### **All Encompassing Support**

From immediate needs to preventative maintenance plans, we offer emergency support, remote self-monitoring, and capital planning guidance.

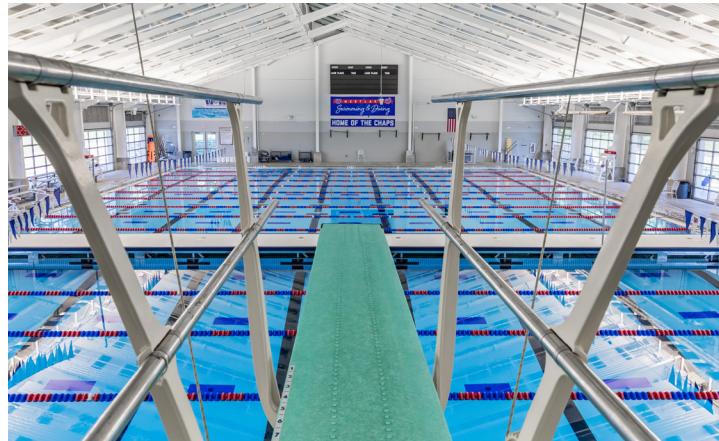

### **Chemical Supply & Maintenance**

With Landmark's WaterSure™ program you get a smarter, simpler way to manage commercial pool water. We provide the supplies, technology, and expert support needed for clear, consistent, compliant water—every day.

# Experience at every stage— what schools & universities need.

From independent schools to national chains, we've spent over six decades designing, building, and maintaining aquatic facilities that keep programs running strong. We know the unique rhythms of a swim school—balancing competitive and recreational use, managing wear and tear, and keeping systems performing every day of the year. That understanding drives how we partner with you—thinking beyond the build to ensure lasting performance and value.

What sets us apart is our long-term commitment. When we take on a project, we plan to support you well beyond the first splash. From design guidance grounded in accurate local cost estimates, to renovation recommendations that balance performance, safety, and value, we bring practical expertise to every decision.

And when it comes to ongoing maintenance, our deep knowledge of complex aquatic systems helps you stay ahead of costly issues, reduce downtime, and keep your water safe and reliable for the community and visitors you serve.

"At every step, we bring creative solutions to the design, construction and everything else that shapes your visitors' experience. We don't do it because it helps our business, we do it because it helps strengthen communities across the country. You want your pool to be a destination - we want it to be landmark. That's how we make clients for life."

*J. Ryan Casserly  
Chief Executive Officer*

# National expertise. Local responsiveness.

Wherever you are, you can count on a Landmark Aquatic team that knows your facility, responds quickly, and is committed to supporting you at every stage—for the life of your pool.

With offices strategically located across the country, Landmark combines national expertise with local responsiveness. Licensed in all 50 states and U.S. territories, we've completed more than 1,500 aquatic projects worth over \$1.5 billion—and we service more than 500 facilities year-round. Wherever you are, there's a Landmark team ready to answer the call and keep your aquatic facility performing at its best—for the life of your pool.
