

LANDMARK AQUATIC

Renovation

WE RENOVATE & RESTORE.

Sometimes you need to improve. Sometimes you need to replace. Good thing we're experts at both.

We specialize in commercial swimming pool and equipment renovations of all sizes, backed by six decades of hands-on aquatic experience. Our certified crews handle everything from pump room and filtration upgrades to pool resurfacing, deck restoration, and feature additions—consistently delivering projects on time and on budget.

Each renovation begins with a free audit and renovation plan that considers every aspect of your aquatic program—guest experience, code compliance, structural integrity, and chemical control systems. Then our project managers and construction teams bring the plan to life with innovative techniques and master craftsmanship.

At every stage, your vision becomes ours, transforming your facility into a high-performing aquatic environment built to last.

We take a holistic approach to your commercial pool renovations, considering:

- Financial goals & budget constraints
- User demographics & programming requirements
- Potential for new features to enhance guest experience
- Necessary equipment replacements

Renovation

We'll modernize your commercial pool equipment and plumbing by:

- Installing energy-efficient pumps & filtration systems
- Upgrading outdated plumbing systems
- Maintaining compliance with all safety standards
- Implementing advanced water quality management systems
- Replacing old heaters with high-efficiency models

We'll revitalize your commercial pool's appearance and functionality with:

- High-quality paint applications
- Durable PVC membrane installations
- Integrating new play or competitive features with existing pool systems
- Premium plaster or pebble finishes
- Expert tile & coping repairs or replacements
- Renovating older spaces with up-to-date technology & offerings

We'll restore your facility's aquatic attractions with services including:

- Deep cleaning & structural repairs
- Play structure & slide resurfacing
- Paint & gel coating
- Power washing & waxing
- Bulkhead & diving platform restoration
- Fiberglass slide painting & repair

LANDMARK AQUATIC

For the life of your pool.

Let's talk.
